

# WILLIAM GOSS DAY BOOK

*William Goss bought the Cilley Tavern and operated it as the SUNCOOK VALLEY HOUSE, and proceeded to move and build structures in the area which eventually bore the name "Gossville". The day book seems to center around those who did work for him in exchange for goods and services and gives clues as to when he started moving and building in the area.*

*NOTE: William Goss buys March 12, 1855, the Cilley Tavern from William P. Cilley, heir of the estate of Daniel Cilley.*
